In view of the amendment and remarks filed on April 03, 2007, the art rejection has been withdrawn. The pending claims however are unpatentable as following:

Claim Rejections - 35 USC § 112

1. Claims 1, 21, 23 and 24 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claims 1 and 21, the phrase “....and/or directly below an adjacent ceramic layer” is vague and indefinite, as the examiner is taking this as the directly above and directly below ceramic layer is the adjacent ceramic layer. Furthermore, the phrase “side edge electrode layer positioned within a through hole in the ceramic substrate, the through hole bounded by a side surface.....” is vague and indefinite, as it is structurally unclear. Clarification is required.

Claims 23 and 24 are vague and indefinite, as it is unclear how the depth amount of the side edge electrode layers on at least one ceramic layer different from one another and how they are in relationship with the through hole(s) in the independent claims. Furthermore, claims 23 and 24 are substantially identical.

Allowable Subject Matter

2. Claims 1 and 21 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

3. The following is a statement of reasons for the indication of allowable subject matter: there is no teaching in the prior art directed to a ceramic substrate that is made

of a plurality of single ceramic layers, such that a side electrode is formed onto a channel formed on the side of the plurality of single ceramic layers.

Conclusion

4. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
